FOREWORD

We take the pleasure in presenting the rejuvenated comprehensive pricelist containing the array of Laboratory ware for the innovative research across the scientific pharmaceutical research community. Serving since 1993, we take this opportunity to reiterate that we stick to the quality work and assure the best service in all the aspects.

We use the best available Borosilicate Glass from the domestic and international market to make this artisan work more refined. Our quality policy is to know the essentials of the customer need to serve the scientific community in the best way. MLGW is a success story with “never say no” attitude to the scientists in making the tailor made items apart from the general glassware and regular items.

Customer satisfaction has been the crux of the success behind MLGW and the quality service as per the need. Committed manpower and a strong technical team are the pillars of MLGW. Unending zeal to improve the quality and the productivity to reduce the rework is the motto of MLGW.

Making the work simple but maintain the quality by up gradation of the machinery to automatic and semiautomatic is an unending processes at MLGW. Quality work environment and the best possible safety measures make MLGW a safe work place for the personnel.

We foster that the processes improvement is continual and would be achieved through the customer’s suggestions and feedback. We make import substitutes that are of high use for the Hi-fi Pharmaceutical research.
